

Texas Secretary of State as of 9-1-2023 Set To Reduce Hours Drastically

The Texas Secretary of State will now for the first time in its history reduce its walk-in lobby office hours from being **open daily from 8am-5pm down to 9am-4pm** an unprecedented huge reduction of two hours per day starting **September 1st, 2023**.

They also will start to NOT answer any phone calls from people from **noon-1pm every day!**

Unbelievably bad news for the citizens of Texas, apostille companies like ours, and for companies and people trying to apostille and authenticate documents for personal or business reasons that are not Texas citizens.

Hiring an experienced rush Texas apostille service company like **Apostille Texas** which is located just got even more vital.
