

# Can apostille be done online?

No, but you can order an apostille or authentication of a document online, and for a few different state and federal documents, you can email those to us to print out and then apostille them for you.

State or federal-level apostille and authentication certificates are only issued by one of the fifty secretaries of the state and the U.S Department of State. Both of these governmental entities only issue certificates on original documents submitted physically to them by walk-in service or by mail.
