

Can you bill and invoice my company for apostille services?

No, sorry we don't do that.

We do not bill or do invoicing of any kind to businesses, corporations, or individuals.

You can pay us by PayPal, Venmo, or Cash App and you'll get an email receipt instantly sent to you from all of those payment platforms.

Or you can pay us by any major credit card or debit card. Then you can email us to request a receipt from our merchant account processor who will email you a receipt of the credit card/debit card transaction.
