Yes, our sister company in Austin, TX can rush obtain a new raised seal certified Texas death certificate for you (as long as the person legally died in Texas) within 24 hours as soon they get all the state-required paperwork from you.

Once they've obtained your new certified Texas death certificate they'll hand it off to us so we can then rush apostille or authenticate it at the Texas Secretary of State office.

Please contact us by email or phone for more information because to start the Texas death certificate ordering process it must be done on a different website.
