

Do you accept checks, cashier's checks, money orders, or wire transfers for payment?

No, sorry, we don't accept checks, cashier's checks, money orders, or wire transfers for payment.

We do accept all major credit (Visa, Mastercard, Discover, and American Express) and debit cards, PayPal, Venmo, Cash App, Bitcoin, Ethereum, cash, and physical gold and silver coins or bars (no kidding) for payment.

We also don't recommend that you send any company a cashier's check or money order that advertises that they offer document apostille and authentication services. There are a lot of fly-by-night and scam companies out there that we have heard about over the last 16 years in this industry.

Just ask yourself what legitimate business (online or offline) in the year 2025 doesn't accept all major credit and debit cards and other various online methods of payment to make it convenient and safe for their customers to buy and order from them.
