

How fast can you notarize and apostille my documents?

Almost Jimmy John's fast!

In all seriousness, it depends on where you live, how fast we receive your documents, what country your documents are going to, and if you have to go through the federal and/or international document filing levels or just the state level (Texas).

The cutoff time for us to receive your documents to provide you with same day filing services is **noon CST**.

If you can meet with one of our mobile notaries at your home, office, business, or hotel by noon on Monday-Friday in the Austin metro area, we can file all your documents with the Texas Secretary of State that very same business day.
