

Can I have a Texas county clerk's office send my marriage certificate or marriage license directly to you?

Yes, you can.

But only if you email us our Texas apostille order form and email us a prepaid return FedEx or UPS shipping label BEFORE we receive your documents from the Texas county office that issued your Texas marriage certificate or Texas marriage license.

The Texas county office or you then mails your certified copy or original Texas marriage certificate or Texas marriage license to:

Apostille Texas
108 Wild Basin Rd S, Ste 250
Austin, TX 78746
