

Can I have Texas Vital Records or a Texas county clerk's office send a death certificate directly to you?

Yes, you can.

But only if you EMAIL us our Texas apostille order form and EMAIL us a prepaid return FedEx or UPS shipping label way BEFORE we receive your documents from the Texas county who issued the Texas death certificate or from Texas Vital Records by mail.

The Texas county office or the Texas Vital Statistics office or you then MAILS your certified copy or original Texas death certificate to:

Apostille Texas
