

# **Does same day Texas apostille services mean you'll ship my documents back to me on the same day?**

Yes and no.

Our cutoff time for same day Texas apostille services is **noon CST** (Mon-Fri) meaning we must receive by mail or drop off our completed Texas apostille order form, a prepaid return FedEx or UPS shipping label, and the documents that you want apostilled.

We guarantee if the documents that we file for you are accepted by the Texas Secretary of State they will be shipped back to you that very same day but only if you provide us with a **prepaid return UPS or FedEx shipping label**.

If you use as we state to not do multiple times on this website the **USPS or DHL** we can't guarantee your documents will be shipped out until the following day.
