Then select **how fast (DO NOT choose the overnight first AM delivery option which FedEx guarantees delivery by 8:30am because our office does not open to 9am. Instead choose the 2nd morning delivery option which FedEx guarantees delivery by 10:30am) and on what date** you want your documents delivered and FedEx will give you various price quotes. The declared value amount is up to you enter but please note **FedEx only insures and reimburses you for FREE up to a \$100 value in case they lose or destroy your documents.**

When asked for the **return ship date** just enter the approximate date that Apostille Texas will receive your documents in the mail or the date when you create the label. The date doesn't matter at all because FedEx will reprint a new updated shipping label whenever we drop it off to them and prepaid labels do not expire.

When asked for the **envelope weight** just enter **8oz**. When asked for the **value of your shipment** just enter **\$100** (you get \$100 of free insurance with FedEx) or whatever extra amount you want to pay for in case your documents are lost by FedEx.

Then **download the PDF shipping label** that FedEx generates online and you can either **email the PDF shipping label** to us or you can **print it out and mail it to us along with your**

documents. That's it.
