

I'm creating a prepaid shipping label and it's asking for a sender's address what do I put?

When you go to FedEx.com or UPS.com to buy and create a prepaid return shipping label which we require on every order (unless you plan to physically travel to our office) so we can mail your documents back to you.

The online FedEx or UPS prepaid shipping label creation order form will ask you for a **sender's address (from address)** which just means from what city and address of origin will you be mailing items out of.

In this case, we (Apostille Texas) will be mailing your documents back to you so just put the sender's address (from address) as our main business address on the return shipping label.
