

Does your expedited Texas apostille services pricing include all Texas Secretary of State filing fees?

Yes.

All Texas Secretary of State apostille government filing fees are included in our expedited Texas apostille service pricing for all legal documents that must be apostilled through the **Texas Authentications Unit** Division.

See our **Texas apostille** pricing page for more information.

Please also note our rush Texas apostille service pricing does not include the cost of shipping your documents back to you.

You must provide us with a prepaid return FedEx or UPS shipping label (you can create a prepaid shipping label in a few minutes online at FedEx.com or UPS.com without needing to set up or have an account with them) so we can mail your documents back to you or to whomever you want in the world.
