

How do I apostille a marriage certificate in Texas?

If you already have an **original or certified copy Texas marriage certificate** that was **issued after the year 2000** all you have to do is mail or drop off at our Austin, TX office your **marriage certificate** along with our **expedited Texas apostille order form** and a **prepaid return FedEx or UPS shipping label** so we can mail all your documents back to you.

If you don't have an original or certified copy Texas marriage certificate yet (or it was issued before 2000) you will need to order a new one from the Texas county where the marriage event happened.
